ENHANCED Medication Program

Over 1,100 ACUTE and CHRONIC Medications at no cost!

Welcome to RX VALET

As a member of RX VALET, you no longer have to worry about the high cost of hundreds of prescription medications. That is because we created the **RX VALET ENHANCED Program** to include over 1,100 routinely prescribed ACUTE and CHRONIC medications at no cost to you!

You can view the medications in this program on the following pages. Take this formulary to your physician so they can prescribe a listed medication and help you stay within your budget.

This Program is Easy to Use

You will receive an email with a link to your personalized Rx Card and instructions on how to set up your online medicine cabinet. Your electronic Rx Card can also be found by logging onto our website at **MyRxValet.com**. Just click on your username in the upper-right and then click 'Membership Card.' This card may also be used for everyone in your family/household.

The Rx Card will display your BIN, PCN and Group Number to present to the pharmacist. You can present this card to virtually any retail pharmacy (over 70,000 in network) and if on the formulary, you'll pay nothing. If your medication is not on the formulary, your out-of-pocket cost is based on a deeply discounted price.

We also offer a **Prescription Assistance Program (PAP)** for many medications over \$200. If you are on one of these costly drugs, visit **MyRxValet.com** and chat with our Customer Care team to get the information you need. You could save hundreds, maybe thousands a year.

You can always expect Rx Savings and Rx Value with RX VALET.

This is a Pharmacy Subscription Program. IT IS NOT INSURANCE. We provide you direct access to medications at negotiated PBM pricing and Home Delivery Pharmacy pricing on a pre-paid basis. This program offers solutions for high-priced specialty medications via an International Pharmacy or PAP service. In addition, a discount pharmacy solution is available, where you search discount options and are directed to a specific pharmacy for super-low pricing. Sometimes, this can be your lowest price option. Only certain doses and quantities for each medication are offered through this program.

Your Rx Card is NOT Insurance. Discount Only – Discounts are available exclusively through participating pharmacies. The range of the discounts will vary depending on the type of prescription and the pharmacy chosen. This part of the program does not make payments directly to pharmacies. Members are required to pay for all prescription purchases. Cannot be used in conjunction with insurance. You may contact Customer Care anytime with questions or concerns, to cancel your registration, or to obtain further information.

Formulary and pricing are subject to change. Please see website for current pricing. In order to get the most out of your Pharmacy Subscription Program, utilize our mail-order service by logging into the website. Members must log in to see complete program pricing and details.
