

Would our payment plans be a better option for you?

The affordable way to pay-over-time.

We offer you flexible, low-cost payment plans when you're short on cash or under-insured. When life happens. But unlike high-interest credit cards and loans, our payment plans charge no interest; only a small, one-time fee.

Pay later for services you want now.

Varidi-enabled businesses offer you pay-later options for essential things you need today: medical, dental, veterinary, auto repair, funeral services, home repair, cosmetic services, you name it.

Simple, on-the-spot approvals.

There is no credit check to apply and no credit reporting on payment. You simply work out the terms with the merchant or service provider and sign up for a payment plan that matches your budget.
