## HAWKINS BAY:

A waterproof floor, not a waterproof system.

### BEAUTY

- 99% real wood + .2% natural catalyst/melamine
- Embossed & Registered, the beauty and feel of real hardwood
- Natural wood finish

### WATERPROOF

- 100% waterproof throughout entire product
- Lifetime waterproof warranty/Lifetime pet proof warranty
- Tested by Professional Testing Labs (Dalton, GA) heavy duty commercial waterproof
- More waterproof than most tiles, except porcelain

### COMMERCIAL DURABILITY

- AC 4 durability rating, more durable than residential installations require
- Heavy Duty Commercial big ball
- Heavy Duty Commercial small ball test
- Best fire safety rating available

### EASY INSTALL

- Minimal floor prep, easiest clic product to install on the market
- Install anywhere in your home
- Can be cut in any direction/length/angle with no caulk required

### NATURAL

- 100% Natural Monolithic Core
- Best Air Quality rating on the market: Exceeds CARB II requirements by 90%
- FloorScore Certified
- No glues, no plastics, no PVC
- Allergy-Free

### MONOLITHIC

- Long wood fibers combined with balance layers and natural melamine undergo heat/pressure/natural catalyst to become all one substance: MONOLITHIC
