Top Coats Professional Painting has been an absolute pleasure to work with for the past few years. They have been professional, reliable and clear with all of their communication in all of our dealings. My feedback from clients has been very positive, with regards to the end product as well as their transparency with invoicing throughout the whole process. The departure package is something that I wish every painting company provided and it speaks volumes to the professionalism at **TCP Painting Ltd.** I would have no issues recommending **TCP** for any type of interior or exterior painting project.

In my dealings with **Top Coats Professional Painting** I have found them to be a company I can rely on to arrive as scheduled and perform a high-quality paint job with matching service. I have found the crew easy to deal with and more importantly respectful to my end clients wishes and requirements and they go the extra mile to ensure that the job is up to the quality that is required for the custom houses we work together on.

I have no hesitation in recommending them for any painting services.

Top Coats Professional Painting recently completed an interior painting project for me and I could not have been more pleased with their work. Not only were they polite, professional, and punctual, but their final bill ended up being less than their estimated amount. I highly recommend **TCP Painting** to anyone who wishes to experience high quality work by true professionals.

The **TCP** crew knocked our high-end commercial project out of the park. Great group of dedicated professionals. With tight timelines and even tighter expectations Rowen and his guys brought this project to completion and looked after the bumps and bruises after the fact.

Coast Construction (Whistler)

We are VERY happy with all of the interior home painting provided by the **TCP Painting** team. But we were even more impressed with the detailed/helpful/prompt email communication + line by line invoicing. Often trades are great at their craft/art, but many are not good at their business. **TCP Painting** is the full package. We have nothing but positive things to say + will be recommending them to everyone!

Home Owner- Renovation Project

Rowen and **TCP** were wonderful to work with. They delivered on everything they said they would, on budget, communicating with us throughout every stage of the project. They left the place cleaner than when they arrived, and were respectful, courteous, thoughtful and flexible throughout. We would recommend Rowen and his team unreservedly.

Home Owner- Re-paint Project

Our family is very satisfied with the work done by Rowen, Reuben, and Nathan from Top Coats Painting. Our "new to us" townhome needed quite a bit of work to bring it up to new condition before we moved in. We challenged TCP with a tight timeline and they got the job done ahead of schedule. TCP did a great job advising on what it would take to make it so. TCP has a very high attention to detail and we could tell they put considerable care and energy into their work. Their communication before, during and after the project was very good and we reassured that the work was progressing well. Our project was relatively small since it was just a townhouse, but i'm confident that TCP would do super work on bigger projects. I would 100% call them again for future work on our current home or another one should we need to move again.

Home Owner- Re-paint Project

I used Top Coats Painting to renovate my kitchen cabinet doors. From start to finish, the communication was excellent so I knew exactly when the job would start, how long it would take, and when it would be completed. The end result was exactly what I hoped for. I would highly recommend their professional and reasonably priced services. They even gave me some advice on how to do some of the work myself which saved me (and cost them!) money.

Home Owner- Cabinet Refinishing Job

I would highly recommend TCP. Right from the first phone call with Rowen. He was very professional and friendly. Gave me a rough estimate and sent me a Welcome Package before the job was scheduled and then the Departure Package to follow up. I am really happy with the outcome.

Fred, who did the painting was also very professional and friendly and he worked hard.

I will definitely use their painting service again.

Thanks so much!

Home Owner- Re-paint Project

Once again, we are very happy with the service provided by TCP. They transformed our dinghy main walls into fresh and clean (like new).

Rowen and his team (Julien this time) were very professional and easy to work with.

We were happy with the price as well.

We will definitely use their services again and highly recommend them to anyone looking for painting services.

Home and Business Owners- Multiple projects

We used **Top Coats Professional Painting** to paint the main floor of our house during a renovation. We required the ceiling, walls and trim to be completed under a tight timeline which they delivered on. Their work was outstanding. We are very happy with the end result and would highly recommend their services for your painting needs.
