

## MVP Modular Vending Platform

### A True Refreshment Center

Offering a wide variety of product selections in today's evolving market

#### N2Go MVP 10CP

We have developed a Business Program that includes a machine that truly provides the business owner with the best in class in every area, whether that be:

- ✓ The product delivery system
- ✓ The flexibility of products that can be offered
- ✓ Versatility of payment options
- ✓ The customer experience
- ✓ Security
- ✓ Technology
- ✓ Business data and intelligence

All of this ultimately positions our owners to provide a service to their customers that is unmatched in the industry and fundamentally positions Naturals2Go owners to create a business where their margins, profits and time are maximized.

#### CAPACITY + VERSATILITY

= LESS VISITS

= INCREASED HOURLY RETURN

# Meet Your Hardest Working Employees The MVP Line of Equipment

## Capacity, Durability & Flexibility

### Six Adjustable & Configurable Shelves

High-quality metal shelves with a flexible layout to fit up to 10 selections per tray for varied product sizes.

### Great Visibility

Enhanced LED lighting for optimal product showcasing.

### Versatile Delivery

Flexible options for drink, conveyor and snack rows let you vend fresh food and favorite snacks and drinks.

### Easy Installation

Feet and recessing caster wheel system for smooth and easy set up, stability, and mobility.

### Highest Capacity & Most Flexible in Industry

300 - 500 items per machine, far surpassing other models.

### Fog-Free Glass & Air Flow Design

Features minimize fogging and condensation in humid environments.

### Removable & Reusable Air Filters

Easy maintenance and energy-efficient cooling system.

### Dual Temperature Zones

Two zones separated by an insulated barrier let you choose temperature settings for one zone and give more options for refrigerated foods, snacks and drinks.

## A Product Delivery System That Reliably Delivers in Hundreds of Configurations

**Product Assist Features** - Reliable vending system for all product types.

**Motor Coupling** - Vends a full range of product sizes.

**Conveyor Belt Delivery Tray** - Allows vending of uniquely packaged items and increases stocking capacity.

### Built for Business. Certified for Safety and Compliance.

**Built-in Health & Safety Lock-Out Feature** - Ensures safe vending of perishable and non-perishable food items in compliance with U.S. Public Health and NSF standards.

**Integrated GFCI Automatic Reset** - Meets UL safety standards,

**Americans with Disability Act (ADA) Compliant** - Protecting against power surges.
